### Product information

Tungsr dimmable LED filament golf lamps represent great energy-saving alternatives to halogen light sources, encapsulated in modern, quality design that recalls the beloved aesthetics of traditional lightbulbs. They are not only an outstanding replacement of previously used light sources, but also elevate the appearance of your fixtures. On top of the available three different color temperature variations, dimmable versions of the decorative LED filament products allow for an even wider scale of potential customization when it comes to illuminating your space.
